

**GREER CPW
ELECTRIC SERVICE SCHEDULE**

RESIDENTIAL SERVICE

Electric Rate Schedule E150

Effective January 1, 2021

Page 1 of 1

AVAILABILITY

This rate schedule is available to domestic electric customers within the territory served by the CPW in the Apalache Community in the proximity of a streetlight outside the City of Greer. This rate schedule is applicable to all electric service exclusively used for domestic purposes to individual (single-family) private residences, condominiums, mobile homes, individually metered apartment units and farm homes. Power delivered under this schedule shall not be used for resale.

CHARACTER OF SERVICE

Service under this rate schedule shall be alternating current, 60 Hertz, single phase, at the CPW's option of standard available voltages. When the CPW deems necessary, three-phase service shall be provided at the CPW's option of standard available voltages. Where three-phase service is not available, it may be extended to the customer's premises at the CPW's discretion. The customer may be required to participate in the expense of extending such service.

SINGLE POINT DELIVERY

The above rates are based upon the supply of service to the customer's premises through a single delivery and metering point, and at a single voltage.

BASE CHARGES

Facilities Charge: \$17.93 per month

Energy Charge:

First 1,000 kWh	\$0.1088284 per kWh
Additional kWh	\$0.1198614 per kWh

MINIMUM MONTHLY BILL

The minimum monthly charge shall be the "Facilities Charge".

PURCHASED POWER ADJUSTMENT

Any consumption under this rate is subject to rate PPA.

SALES TAX AND MUNICIPAL FEES

Any applicable sales tax or other fee assessed by or remitted to a state or local government authority will be added to the charges determined above.

INTERRUPTION OF SERVICE

The CPW will make reasonable provisions to ensure satisfactory and continuous service, but does not guarantee a continuous supply of electrical power and energy and shall not be liable for damage occasioned by interruptions of service or failure to commence delivery caused by acts of God, or the public enemy, or for any cause reasonably beyond its control, including, but not limited to the failure or breakdown of facilities, floods, fire, strikes, or action or orders of any agency having jurisdiction in the premises, or for interruptions which are necessary for inspection, repair, or changes in equipment or facilities of the CPW or its bulk power suppliers. The customer shall notify the CPW immediately of any defects, trouble or accident that may in any way affect the delivery of electric service by the CPW.

PAYMENT

Bills are due and payable on the due date of the bill at the offices of the Greer Commission of Public Works. Bills are past due and delinquent on the first business day after the due date shown on bill, at which time customer will be assessed a late charge equal to five percent (5%) of the most current unpaid past due amount. Disconnection may occur on the 11th day following the due date of bill or thereafter, unless prior arrangements have been made with the CPW. Customers who fail to pay the past-due balance by the cutoff date will be subject to a \$75 non-payment fee, which will be added immediately to the account and appear on the next billing cycle. For reconnection requests made after 3:00 PM, Monday through Friday, that require a same-day technician visit, an additional \$100 fee will apply and will be reflected on the next billing cycle.

OBLIGATIONS

The obligations of the CPW regarding supplying electric service are dependent upon its securing and retaining all necessary rights-of-way, privileges and permits for the delivery of such service. The CPW shall not be liable to any customer or applicant for electric service in the event it is delayed in, or is prevented from, furnishing the electric service by its failure to secure and retain such rights-of-way, privileges and permits.
